Share charters are designed to allow single anglers and small groups to participate in charters without having the responsibility of filling a boat. These charters are booked around customer demand, so if there is a charter or destination that you are interested in let the team at Fishing Getaways know and we will endeavour to fill your trip for you! Note: share charters are not guaranteed until minimum numbers are achieved.

For more information contact the Fishing Getaways team on (03) 9807 6622 or email to [info@fishinggetaways.com.au](mailto:info@fishinggetaways.com.au), alternatively keep an eye out for our monthly e-fishing news!
